Once Upon a Time...

NM

Yearbook Team

Westerly Luth, Alena Parkinson, Courtney Brin, Veronica Krawcewicz

Never retreat, never explain, never apologise.

Just get it done and let them howl!

- Nellie McClung

The Castle Court

The Nellie McClung Program at Oliver School is full of excellence. We students are excellent (and show it!), we've had an excellent year and we've got an excellent staff that help us reach our full potential. Without these staff, Nellie would not be where it is today. They make school at Nellie magical. They have taught us (be it in a classroom or somewhere else), guided us (through the trials and tribulations of junior high) and comforted us (when everything else seems to be falling through the roof) throughout this year. They have set us on the tracks that will enable us to walk the path of our choosing in life. We doubt even the kings of old had a court that could possibly compare.

Princess of Hearts

Miss Linden has introduced the school to HOTs, the FISH philosophy and Fish Co. She is always prepared with interesting speeches to start and end our assemblies. She is always willing to share her point of view and is very enthusiastic while doing it. She is also known to throw fish at her audience before the assemblies. She is certainly one of the most noticable staff members often wearing very, VERY bright stuff that's hard to miss. Without her the school would not be where it is today.

The Court Advisor

Our assistant-principal, Mrs. Carter is well-known for her dedication to the NLM standards of excellence. In addition, she is able to be strict and kind at the same time. She teaches Grade Eight Language Arts and presides over the CEEDs rep. meetings. She is also in charge of CEEDs Team 3. Her usual supervision spot is directly in front of the science prep room and she is never without her cup of trusty coffee.

Mother Goose

Quack Quack

Madame is one of the oldest (not in terms of her age) members of the Oliver staff team. She teaches drama (7, 8, 9), French (7, 8, 9), LA (7), Social (7) and is the head of one of our CEEDs teams. Mme has traditionally commanded the legion of 7Cs. She is always encouraging us to contribute to our communities and has spearheaded the Malawi Silent Auction with CEEDs Team 2. She is also known to stop random students on their way to class to request that they pick up garbage. She also has an incredible sense of humor and she is proud to announce that she renounced coffee in the winter of 2002. Her last name is Dube with an accent aigue on the e.

Zena - Princess Warrior

Miss Tice is one of the best Active Living teachers this school has had. She has taken over the position of Active Living Teacher Extraordinaire (7,8,9) as of the beginning of this year. She has introduced the Iron Women Fitness test to the Nellie court. She has given all three grades the opportunity to rock climb, canoe, play lacrosse and swim. She is an avid sports woman herself and is dedicated to setting an example for her students by practicing a healthy, active lifestyle. We thank our lucky stars she does not carry a sword around to encourage us to do our best like her namesake would imply.

Dame Razor

Mrs. Fraser is our Grade 7 and 9 humanities teacher. She has taught us a great many things, be they about her sister's wedding, the proper way to play squash or actual stuff that is in the Alberta curriculum. She is also the Grade 8 fashion teacher. She has an incredible gift with essays. She has tried to (and partially succeeded) pass this gift on to her students. She also heads CEEDs Team 4.

Einstein's Great-grandmother

Our resident math/ science specialist (she shares that title with her next-door neighbour Mrs. Hart) Mrs. Worobey can be called many things. Fun, intelligent, amusing, amused, eccentric, stern, fun and a very good math and science teacher. She procured some fish for her Grade 8s to dissect and she has also managed to survive an whole year of teaching Grade 9 math. She also runs CEEDs Team 6.

The Castle Court

Holly Christmas

Holly Christmas! Miss Nieberding is the newest edition to the Nellie team. Miss "N" as she is known teaches math (7,8) and social (8) and Outdoor Ed(7). Miss N is the coordinator of CEEDs Team 5 and is very proud of her achievements in the Outdoor Ed program.

The Alchemist

Mrs. Hart has been really busy this year. She went on two Bamfield trips, a tipi sleepover, and has taught Grade 7 and 9 science and Grade 8 social. She and CEEDs Team 1 organized the Math Fair, the Remembrance Day ceremony and the March Mini-Comps. Supposedly "all knowing" she never fails to use all her resources to answer her pupils' questions.

The Computer god

Mr. L'Heureux, our technology expert, is also new to the school staff. He has been an incredible asset to the computer lab. He teaches ICT (7) and is always on call to defend the teaching staff's computers from the evil viruses and other evil things that threaten the school's computer network. He is also the one to thank for getting most of our assembly powerpoints up and running. He is also the only resident god at the school, though we have a couple part-time ones running around.

NO
Photo
Available

The Keeper of the Scrolls

Mrs. Kraus has been at Nellie for several years. Her domain stretches across most of the third-floor, though she shares the space with 'The Computer god'. She is very protective of her books but is very helpful to anyone who asks for her assistance.

NO
Photo
Available

The Art Muse

Another new edition to the court, Mrs. Dobson is our new art teacher. A very enthusiastic teacher, she is very good at teaching her craft to her students. She is very open minded and encourages students' self-expression.

The Green Machine

Mrs. Green teaches grade 7 music. She and her troupe of singers have performed at the legislature, at the Remembrance Day ceremony and the school Christmas concert. She is a very happy person and can't seem to stop smiling.

NO
Photo
Available

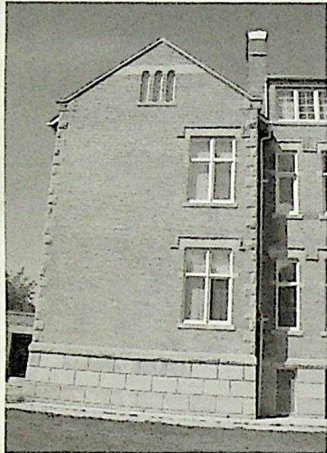

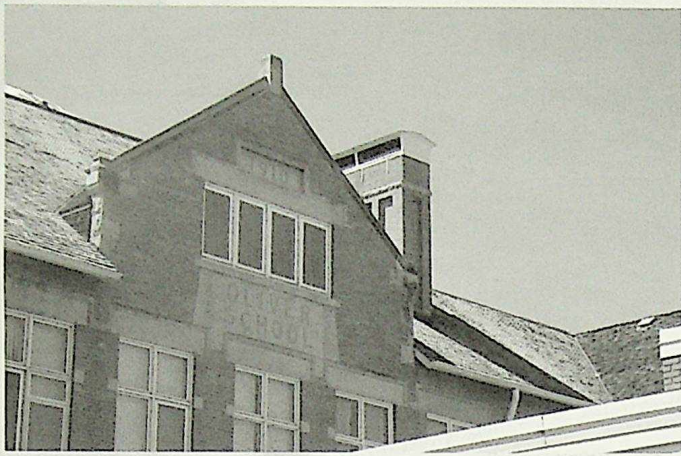

The Keeper of Oliver School History & Tradition

One part of the administrative team, Mrs. Bossert is known to most, if not all Nellie Girls. She has helped keep the school running from the Office with the help of Ms. Joey. She can be seen normally by her beloved computer and can be heard over the public address system calling people to the office for better or worse.

The Little Engine

Toot Toot! Another part of the office administrative team, Ms. Joey is the person to go to get your bus pass, hand in the attendance and call home if you are sick. She works the phones and organises the office. She's also very, very, very nice.

Above, left and right: The Nellie McClung Program is housed in the Oliver School building. Built in 1910 and renovated several times after that, this brick building has housed many years of fond memories for students and teachers within its halls. Nellie girls attend classes in the oldest part of the building (except for the gym). Often the students and teachers complain about the temperature inside, but it's hard to beat the enormous windows that have become a thing of the past in "modern" schools.

The founders :
Bob Hopchin,
Kathleen McCalla,
John Masson, and
Julia Nelson.

Ms. Linden

This is Ms. Linden's sixth and final year as principal of Nellie. Next year she will be working in administration for Edmonton Public Schools. We wish her well.

Message From Ms. Linden and Ms. Carter

The 2002-2003 school year has proven to be a challenging one. However, in the true spirit of Nellie McClung, the staff, students and parents of the Nellie McClung Program have worked together to continue to build a strong and stimulating learning environment where students can achieve excellence. This excellence continues to be reflected in the pride and ownership which students have taken in their school, in their work with CEEDs and with the Nellie McClung Standard for Success,

As each of you move on through the process of education and learning, we know that some of your favourite memories will be the times spent with your teachers and friends both in the classroom and beyond. You will carry the spirit of the Nellie McClung Program and the values that it stands for with you always.

Congratulations and thank you for a great school year! Nellie McClung students are known for their initiative, leadership and responsible citizenship-you will continue to make us proud!

You are the best!

-Ms. Linden (Principal)

-Ms. Carter (Assistant-Principal)

Mrs. Carter

Our hard working assistant-principal... who just so happens to be in her pajamas today (it was Pajama Day so we didn't send her home.)

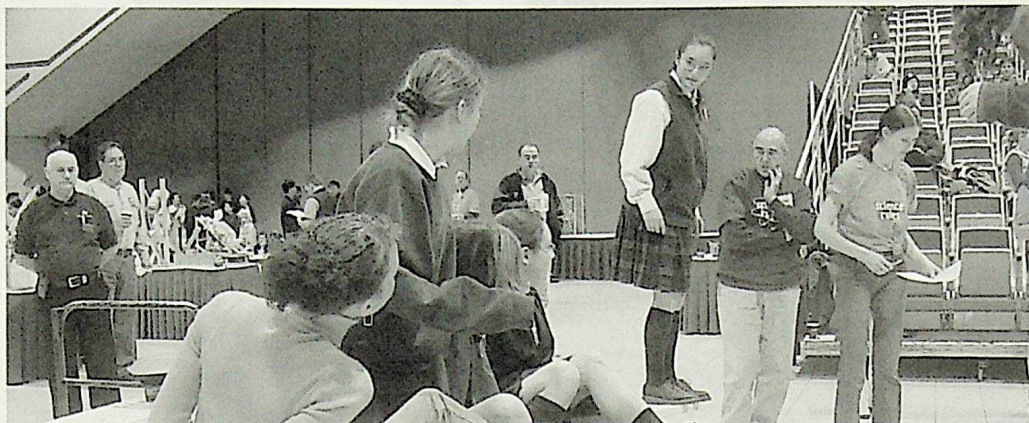

Nellie
McClung

Nellie McClung was born in 1873 in Ontario. She was a teacher, author, suffragette, social reformer, lecturer and legislator who lived in Western Canada until her death in 1951. Her various careers cannot be described separately, as her teaching, writing and public speaking abilities all fuelled her desire to increase the rights of Canadian women. It is said that she was a practical and realistic leader who put words into political actions. She founded many organizations. Although she was an advocate of a broad range of issues, her successful leadership was applied to her constant causes: women's suffrage and prohibition. After moving to Edmonton, Nellie continued the campaign for suffrage in Alberta. In 1916, the fight was won at the Federal level. She was one of the "Famous Five" who, in 1927, submitted a petition for the word "person" in section 24 of the British North America Act to include female persons. She and her four others compatriots, including Emily Murphy, won, for Canadian women, the right to vote.

Some people talk for the sake of talking. However at Nellie Assemblies, our speakers communicate with a purpose. That purpose may vary, but it is still there. It makes for interesting learning and lively discussions afterwards.

Below: Kayla Atkey, Veronica Krawcewicz, Koto Anderson and Patti Little push their fellow teammate Westerly Luth as far as possible out onto the plank. Okay so it wasn't a plank, it was just a 4x6 piece of wood they put on a bunch of crates to try and win a prize at the Edmonton Science Olympics at the Shaw Conference Centre. Unfortunately, our team of (mad)scientists didn't bring home a prize. They tried their hardest and they all came back alive, but disappointed.

Curriculum enrichment.. Yippee!

Above: Nancy Jacobson, a Nellie alumni encouraging present Nellie girls to do their best at the annual school science fair

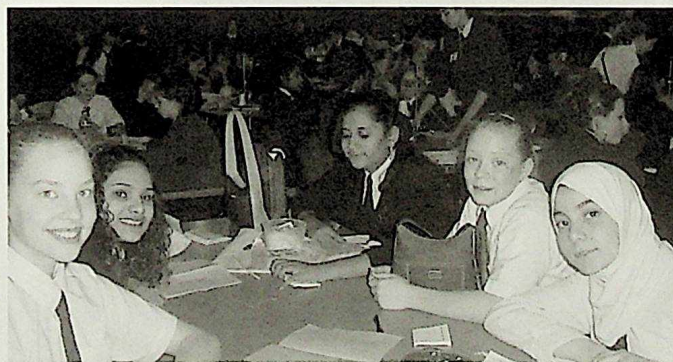

Above: Aneka Jiwaji talks about Malawi during an information assembly on the Silent Auction.

Below: Kristina Schesnuk, Shannon Kirwin, Ally MacDougall, Amy Laban, and Melissa Cartier at the Tri-Site Conference.

Right: Another picture from Science Olympics with our team diligently recording their results.

Left: Maureen Yule speaking at the Tri-Site Conference at which all three Nellie McClung Programs met at the University of Alberta.

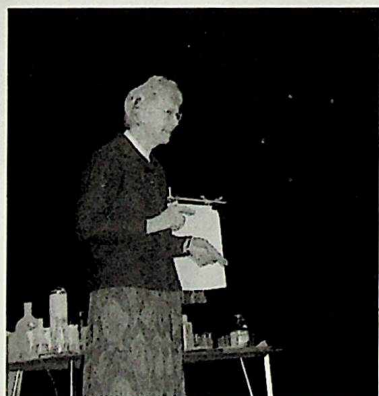

Above: Katelyn Suggitt, Aneka Jiwaji and members from the other Nellie sites mingle at the Tri-Site conference.

Nellie Gatherings

Nellie girls are very social creatures. We are constantly and continuously attending assemblies, conferences and ceremonies. Many things are taken away from these gatherings to help us become better members of society.

Below: Dr. Armour stands with Veronica Krawcewicz and Maureen Yule after the kick-off ceremony for Science Tech Week.

Below: Alex Preston, Katelyn Knowles-Turner, Jennifer Hay, Daranee Tang, Amanda Phan, Melissa Larson and Mckensi Woodbury helping out at darts during math fair.

Above: Dr. Armour gives a demonstration at the Tri-Site conference on how we are all like teapots (among other things).

Left: Dr. Armour at the kick-off of Science Tech week. She was discussing the interesting studies done by researchers at the U of A.

Below: Holly Booth, Zoe McLean and Hailey Gagnon hanging out at the Tri-Site Conference and having fun.

Above: Elementary students performing *The Crayon Box* at the Remembrance Day ceremony.

Left: Emily Yukes and Gillian Welin MC at the Remembrance Day ceremony.

The 7th Annual Science Fair at The Nellie McClung Program was a huge success. The students in Grades 7, 8 and 9 went on magical quests for knowledge. They put in a lot of hard work and on the last day of January, projects were judged. Thanks to the many volunteers. And good job to all those who made it to Regionals. Well done to Veronica and Maria who went to Nationals.

Right: Hala Salameh and Luciel Rios in front of their project.

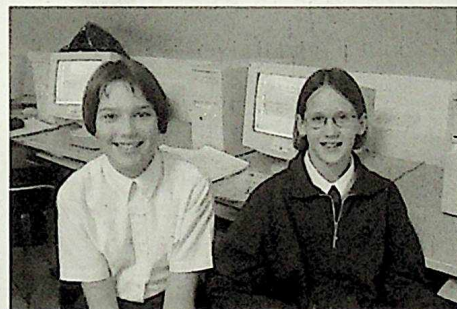

Below: Tamara Raynor-Cote presents her project to a judge. Go Tamara!

Below: Niki Bohme sitting at her board awaiting the judges.

Below: Nina Neimarlija and Jenny E. in the computer lab on Grade Seven Research Day.

Above: Veronica Martens, Amanda Phan, Gillian Welin and Emily Yukes researching for their projects in the computer lab in October.

Day. Mrs. Krauss in her fuzzy
puppy slippers poses for the
camera.

Below: Alyssa does her thing at the Earth Day races. What is she up to?

Halloween! One of most Nellie girls's favourite days of the year. *Top left:* Emily Yukes in her costume. *Top Right:* Peggy Bodnariuk, Brittney Knowles-Turner and Alix Bailey dressed up as Hogwarts school students. *Left:* A whole conglomerate of characters hang out in the hall. *Above:* Jessica, Tiarra, Catherine and Niamh in their homeroom posing.

Halloween

Above: Nichole McCoy participates in the Earth Day race in the gym at lunch hour.

Earth Day

Above: Alix Bailey and Amanda Scott come out to support their runner in the Earth Day race.

Down but not defeated!

This season wasn't one of Nellie's greatest. We didn't win a single game, but we played hard, we had fun and we learned a lot about sportsmanship. We'll just have to wait until next year for our winning streak.

Soccer

Sydney Bennell and Christine McNeil pose with a soccer ball.

TEAM SHOT!! After our last game, the team and our teacher facilitator sat in the sun to have our photo taken. *Front row:* Jennifer Larson, Hannah Miller, Brittany Laney, Christine McNeil, Sydney Bennell, Amanda Draper. *Middle row:* Laura Brin, Melissa Budinski, Katelyn Knowles-Turner, Mrs. Hart, Hala Salameh, Courtney Brin, Rhianna Paquette *Top Row:* Westerly Luth, Coach Aline Belanger and Veronica Krawcewicz

Teacher
Facilitator:
Mrs. Hart

Bump, Set, SPIKE!!

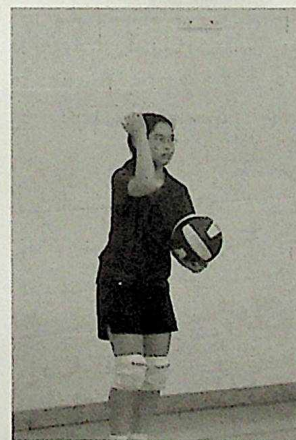

We did a lot of that this year and it won us two games. We made it to quarter finals and then we had to stop. We had an interesting time with nets and string, practices were always a hoot and we always had a great time on the court.

Senior Volleyball

Teacher
Facilitator:
Mrs. Tice

Christina and Anna are ready for the ball. They are playing in the Oliver school gym.

Daranee Tang is about to serve the ball.

Junior

Volleyball

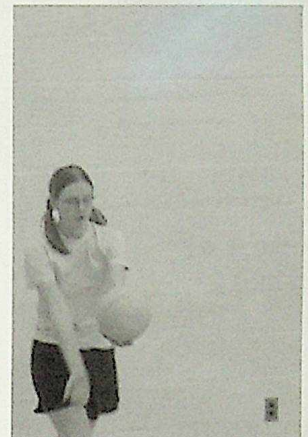

Just get it over the net!

The junior volleyball team had a good year. They had some fun and, while they didn't win any games, they really enjoyed themselves. They also had some fun times with the net-that-refused-to-go-up-and-stay-up and hitting the ref with their serves. All in all though, a great season with some valuable skills picked up along the way.

Teacher
Facilitator:
Mme. Dube

Nellie girls preparing to play the ball as it comes down in the back row.

Maria Marsh serves the ball.

Cheerleading

Go Nellie Go!

Unfortunately the cheer team wasn't able to attend any meets this year. They were forced to fold in February but they had fun before that. We can only hope there will be more interest next year so we can go back to our winning streak.

Teacher
Facilitator:
Ms. Linden

Badminton

The badminton club had a good season. They had lots of fun and they even won a couple of matches.

Teacher
Facilitator:
Mrs. Tice

Nichole McKoy, Jessica Piasetzki, Mrs. Tice and the coach sitting on the bench.

Jessica taps the shuttlecock, sending it over the net.

Softball

Home Run!...or at least 1st base!

A great season for the softball team. They didn't win a single game, but they were the most spirited of all the teams they played against. Such spirit is certainly something to be proud of. We also had a rather unstable team with people coming out for one game and missing the rest, so we took volunteers from our fans who came to watch us play!

Katie Penstone prepares to whack that ball to the moon at one of the home games.

Our team for that day. *Back:* Carrie Bott, Courtney Brin, Maria Marsh, Westerly Luth, Jessica Piasetzki and Tiarra LaBranche. *Front:* Katie Penstone, Samantha Russell, Amanda Draper, Nicole Koropeski, Sara Marsh and Pam Marsh.

Teacher
Facilitator:
Mrs. Carter

Running for a Reason.

And the reason is to have a blast. Some of the Track Club were chosen to go the Edmonton Journal games to represent our school. They were awesome in their events and we're really proud of them.

Track

Teacher
Facilitator:
Ms. Nieberding

Field Trips

Above: Sammi adds a crucial ingredient to the solution to create something *very* interesting.
Left: Danielle shows off her work.

Below: Sierra's hair goes up, up and away as she demonstrates what happens when static electricity enters your body.

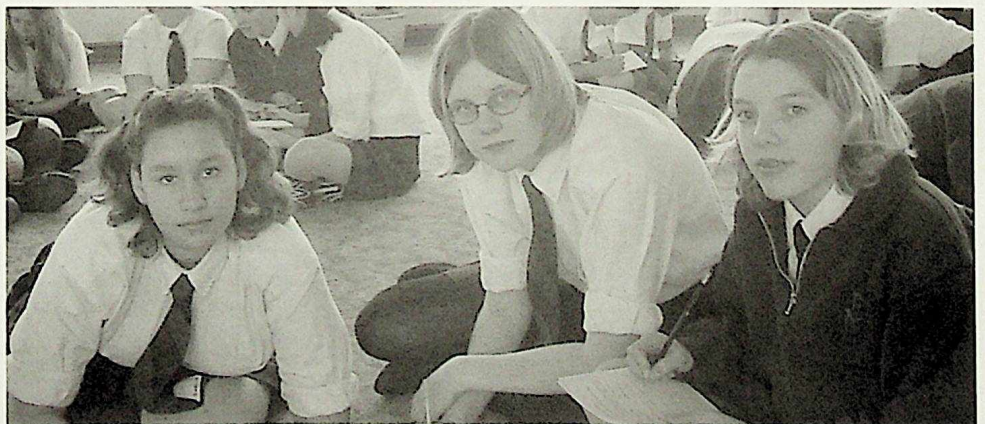

Right: Jade is row, row, rowing her canoe around the lake. The entire Nellie population went canoeing and got a hands on experience with canoes, water and angry geese.

Below: The Grade 8s doing a dramatic interpretation of life in Canada during pioneer times.

Above: Setting up the tipi. Lucky 8B went on a tipi camp with Mrs. Hart. Although it was in June, the weather was rather nippy.

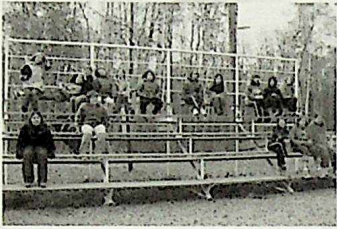

Jessica, Sara and Carrie are hard at work on their field trip to the Provincial Museum

Mrs. Hart took both grade nine classes to the Provincial Museum to learn about the classification of animals, plants, bacteria and other organisms. Not only was the field trip very educational, but the walk was enjoyable as well.

Birch Bay

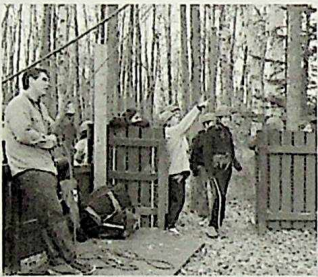

In the fall both Grade 7 classes go on a field trip to Birch Bay. This is an overnight field trip that provides an opportunity for everyone to get to know everyone else. Students participate in activities such as horse-back riding, rock climbing, archery, hay rides, obstacle courses and canoeing. They also get to sit around a camp fire. It is a great learning experience and a happy memory for most Nellie girls.

Above: These things are COLD! All we get to do is sit and sit and sit and freeze. Thank goodness we got to do other stuff too.

Above: Grade 7s suit up for rock climbing. Melissa, Holly, and Zoe get some help from an instructor as to which loop goes where and which limbs go through which hole.

Above: Helmeted, harnessed and ready to climb, the 7s get their first up-close look at the wall under the watchful eye of a climbing instructor.

Below: Two brave Nellie girls scale the concrete climbing wall, hoping to reach the top. Good thing they're roped in, the ground doesn't look too soft.

Right: Getting the lecture before the trail ride. They've got their helmets on and are listening attentively (of course) to the instructors.

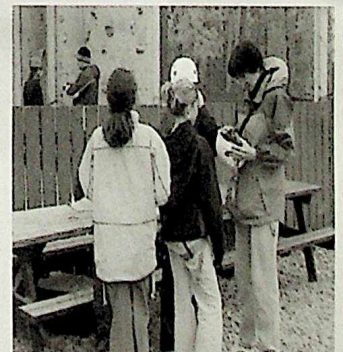

Below: Girls wait for their turn at the climbing wall.

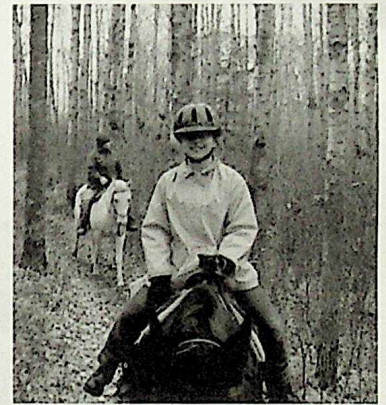

Above: Look at all the faithful horses. Aren't they pretty?

Above: Loading up to go to Birch Bay in the morning. Thankfully it wasn't dawn. That's just too early. Bundled up and ready to go, they look prepared for anything!

Below: Students enjoy a trail ride in the forest while the horses enjoy a nice walk. Aw look, they're playing follow the leader.

Right: Julia Flanagan pitches the ball to her teammate in soccer baseball during the CEEDs wrap-up celebration.

Right: Katelyn Knowles-Turner and Brienne Patton pose dressed as a witch and a hula girl on Halloween.

Above: Amanda Popplestone, Danielle Gervais and Melissa Larson show off the pretty rocks.

Left: Brienne Patton prepares to nail the ball. In the background Laura Brin looks on.

7B

Look what we got!

Elyse Glor, Breanna Thomas, Elayna Allan and Jenny Evaniew hold up their goodies. This was part of an activity they did at the Odyssey to extend their learning.

Helping hands

Alynn Yaremko and Melanie Belley help out at the Silver Bells Tea. They served tea and cookies to the people attending the Festival of Trees.

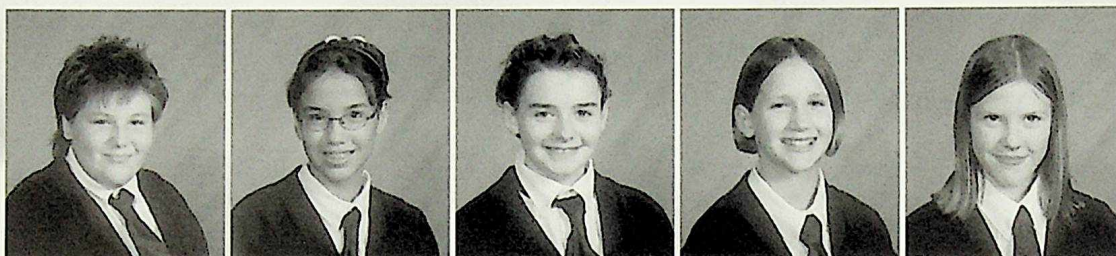

Hear ye, hear ye!

Right: Mckensi Woodbury resembles a squirrel as she sits in her chair nibbling at snacks.

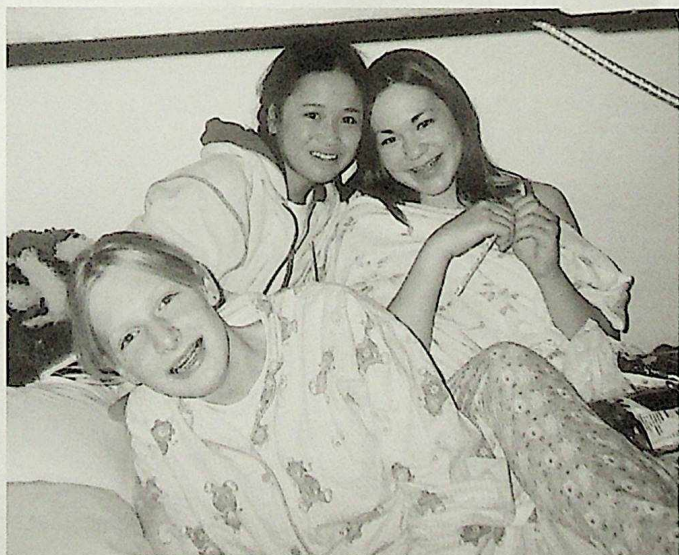

A Memorable trip to Kananaskis

The special field trip for Grade Eights is a two day trip to the mountain field station in Kananaskis. There are many things to do and see at Kananaskis. The Eights go on hikes, do experiments and have an all around fun time. Many of the experiments (done outside) have to do with water quality and how it is measured. This science-rich adventure is definitely a highlight of the Grade Eight year.

The field trips were chaperoned by the Grade 8 teachers and parents.

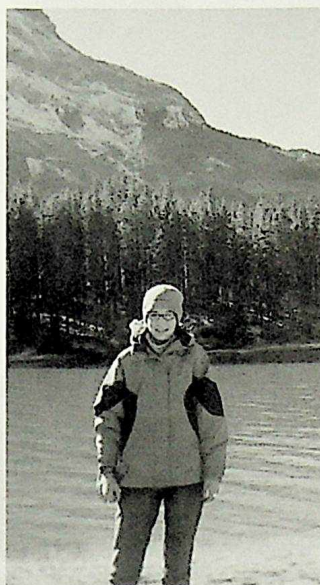

Kananaskis is situated in one of the most beautiful spots in the Rocky Mountains. The scenery is amazing and an example of the power of glaciers, as most of the mountains were carved by the towering sheets of ice. Such an impressive display of Nature's power is something that is hard to do justice to in a classroom.

Right: Christine McNeil, Julia Nguyen and Guin Mah getting ready to hit the sack after a long day's work.

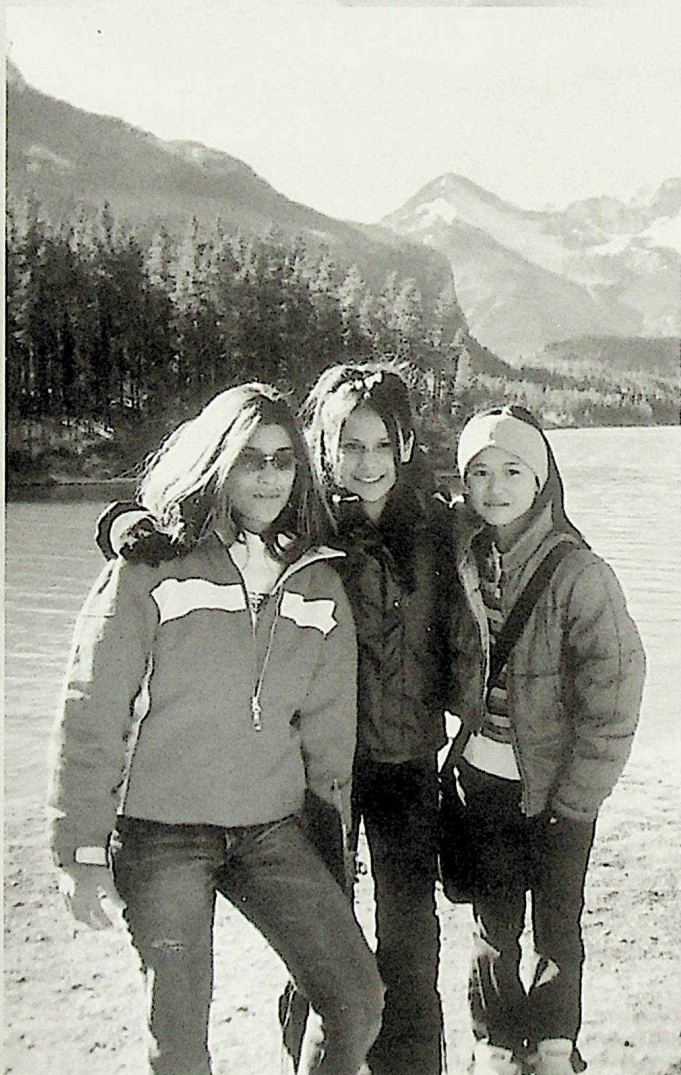

Left: Chantelle Bayne models her lovely goggles and gloves as the Grade 8s work in a creek.

Bamfield-the Final Frontier

The first trip to Bamfield was in December. The trip was from a Friday to the next Friday so everyone had the weekend to recover. We had some trouble with fog coming in, but we arrived safely. There was typical Bamfield weather (rainy) that lasted most of the week and we have Jade to thank for that (she asked for some rain so she could try out her raingear). Nevertheless it was an awesome week. The instructors were amazing, the trips were fun, the specimens were "interesting" and the food was superb! It was certainly a learning experience and everyone had some great memories to bring back. Coming back on the Lady Rose gave us a chance to see the beautiful coastal scenery (pity some of us were so sleepy). All in all it was a momentous week!

Right: Students being ferried across the inlet to get to the other side.

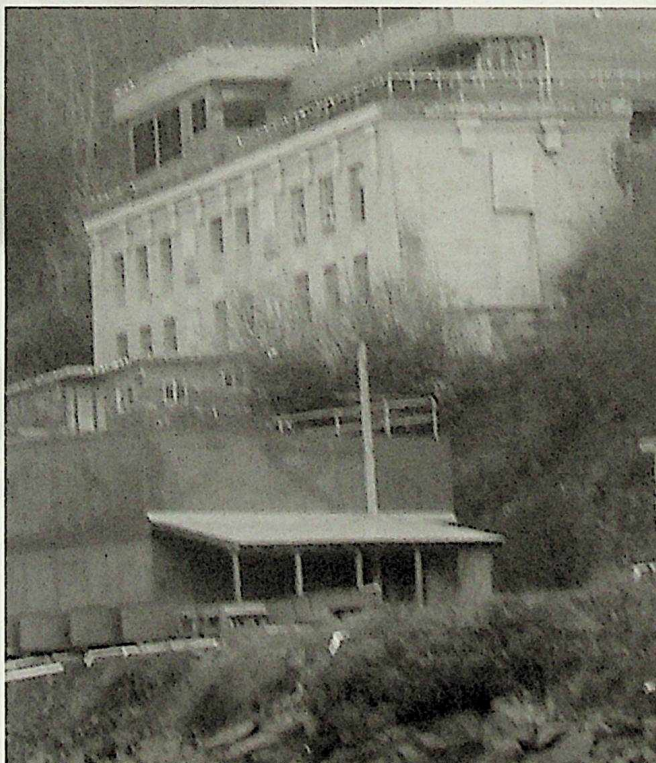

Below: Kayla Atkey, Kathleen Arnold and one of the denHeyers look over the edge of the pier:

Below: Kayla Atkey holds up some big kelp.

Right: The Bamfield Marine Station as seen from below.

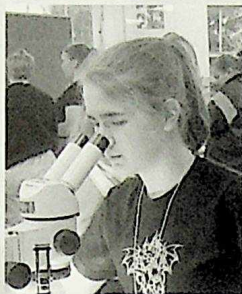

Above: Sierra Elliott, Alena Parkinson and Westerly Luth taking a break at the beach.

Above: Tiarra LaBranche searches for raisins in lentils as part of one of the activities.

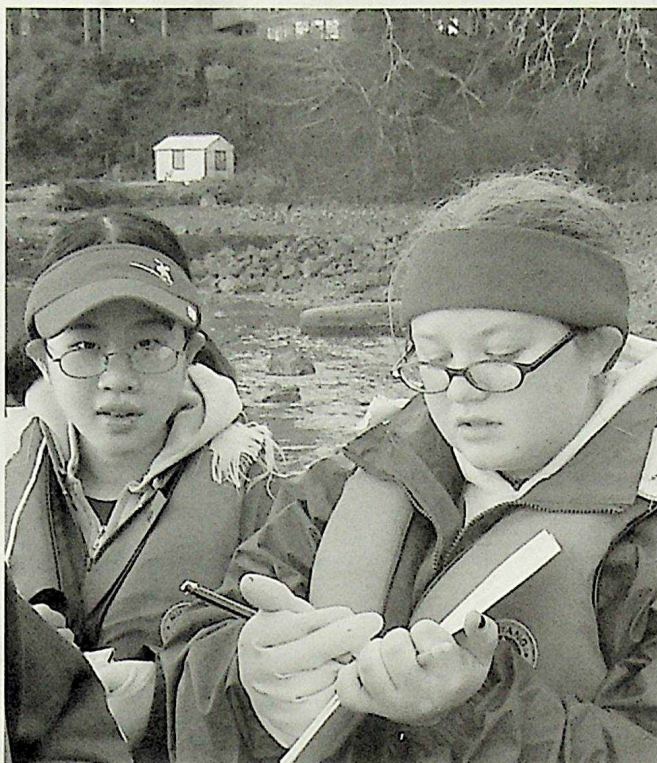

Below: Amanda Draper checks something out under the microscope.

Below: Catherine Carter, Carrie Bott, Shannon Cosgrove and Kate Boddington around their tide pool.

Above: Meg Stearman measures a starfish in one of the labs at Bamfield.

Left: Jeng Chong and Melis Olsen-Peet diligently record their findings.

Below: Ashley Howardson holds up a seastar found on one of the field trips.

Above: Everybody on the second trip got together for a big, happy group shot.

Left: Amy Rausch and Anna Matejko sitting on one of the beaches. The rocks aren't too comfy looking are they?

The second trip to Bamfield was in February. The trip was from a Monday to the next Monday so it was back to school the next day (even though some people took the day off). The weather was absolutely gorgeous (no rain). It was an awesome week.

Our trip to Bamfield was not only educational but memorable. Late nights in the Whale Lab, observing strange and unfamiliar marine animals, listening to music at the hostel and walking for hours in soggy rain boots were all part of the Bamfield experience

Thank you to Mrs. Hart, Mrs. Mona Luth and Mrs. Kathy Gilchrist for chaperoning and putting up with the Bamfield groups for as long as you did. Thank you to the Bamfield Committee for organizing everything so that this once-in-a-lifetime trip was smooth and painfree for everyone involved.

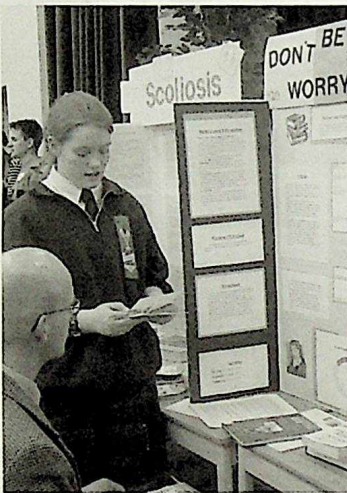

We came, we saw, we got to work on our homework and we had a great year!

9B

Right: Sam Russell, Niamh Mulcahy, Tiarra LaBranche, Nicole Koropeski and Sara Bohuch stand on a beach during one of their field expeditions at Bamfield. Wet, tired, but very happy.

Below: Tamara Raynor-Cote shows off her amazing science fair board to one of the volunteer judges.

Above: Sara Bohuch, Wess Luth and Alena Parkinson stand in a hollowed-out tree trunk to get out of the rain in the rainforest at Bamfield.

Of course now one must ask the question as to why I'm out here instead. CDD TO THE MAX!! Enjoy your lives, you've only got one.

Maria Marsh

I'll never forget Bamfield or the wild lunchtimes (Meg chasing people, scaring the grade 7's with oldies music, watching Ashlea breakdancing and so on) Ah the memories. Just remember, a smile is worth a thousand words, a friend is worth a million.

Anna Matejko

Margaret Mitchell

Hmmm...I love Justin...no maybe not...actually yes I do...no I don't...well perhaps....

Nellie had its ups and downs. I have never seen so many people with PMS at once. I've made friends, lost friends and made more friends. I'll always be remembered for liking a lot of guys, being tall and crazy. Love You All!

Niamh Mulcahy

"People who refuse to believe that it is impossible for humans to fly make life more interesting for the rest of us"
"Sometimes taking off can open your eyes to everything that lies in your heart"
~Saves the day

The Bs of 2003!

Alena Parkinson

Leprechauns, dragons, fairies and elves really do exist, you know. Along with other members of "the wee folk".

Jessica Piasetzki

You guys have been great. I made the best friends ever. The best memories me +the Hobbitt talkin about Gonorrhea at the bus stop. The magic circle at lunch in grade 8, bamfield. There are so many I will never forget you guys. THIS 1 TIME AT BAND CAMP!!

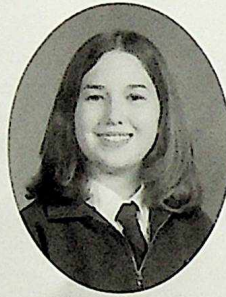

Amy Rausch

Although I was at Nellie for one year, I've had one of the best years of my school education. Here I've made great friends and memories that put a smile on my face everytime I think of them.

Tamara Raynor-Cote

I offer 3 pieces of advice: 1) Live by the rule of the road, 2) Love your neighbour and 3) Never forget the little people! (I won't!) Keep on Trucking! Love Tamara.

Samantha Russell

Ashlea Schumacher

Thanks 2 everyone who made this year priceless.

Jade Zalasky

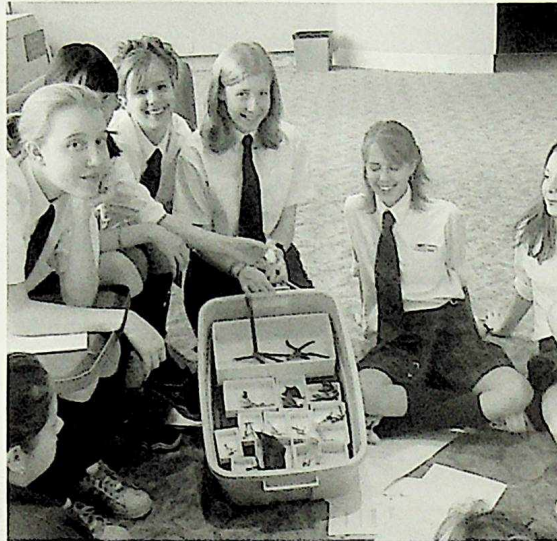

Well, the end of three years has finally come. It seems like just yesterday we were sitting in Mme's class or rushing through science fair (Tessa and Kaeli!) There are so many friends I've made and memories I will never forget. Thanks so much to you all, you made junior high a great few years. Good luck to everyone in high school!

We rocked, we rolled and we had a blast in 2002-2003!

9C

Right: Mallory Harwardt, Jeng Chong, Tessa Gregson, Alyssa and Vanessa denHoyer show off their tub of biological evidence at the Provincial Museum during a field trip to learn more about biological diversity and classification.

Below: Ashley Hutton and Adrianna Burden hanging out during the CEEDs wrap-up.

Above: Melis Olsen-Peet, Jeng Chong and Ashley Howardson check out one of the many exhibits at the Odyssium.

Left: Kathleen Arnold and one of the denHoyer twins pose for the camera in their Halloween costumes.

Above: Gloria Alamrew and Katie Penstone look at some fascinating information on another board in the Bamfield Lecture Hall.

Right: Carrie Bott looks attentive (and itchy) during a softball game. She was 1st base person and did an awesome job.

9C Pretty Princesses

Gloria Alamrew

My experience at Nellie has been amazing! I've had so many inside jokes like the Bamfield half show, BEF, dirty kid, rowdy Nellies, singing Brittany Spears songs with Alyssa, Git Vib, poetry and mixing chemicals in work experience. I love all you guys and I'm going to miss you all!

Kathleen Arnold

Kayla Atkey

Carrie Bott

Adrianna Burden

Hey 9cs. I'm gonna miss you. Some of mah memories are: pPl crying @ Birchbay "VDH", belly button rings, abort mission, Banff, dying mah hair, grad, 24 years-worst class, "Shoping" @ school, who's most likely, da bamfield fight, shunning, the church, the haunted house, the tunnels, bones in da graveyard, soap in our ears, soul decision, talkshows and our fry mountains, Thanks 4 the great time! Love ya'll! PS. yo Ashley Hutton

Jamee Cherniwchan

These past three has been a blast. it has gone by so quick, so many funny memories. People falling down stairs breaking their leg, people cheerleading in the bathroom, occasional tongue and ear piercings. High School is going to be even better can't wait to see you all next year at Shep.

Jeng Jeng Chong

I will always cherish all the memories with my friends. I'll remember the stupid jokes, running in the halls, obsessing with anime etc. Those were fun times diddly squat & rumply mcgee.

Caroline Crawford

What a BLAST this year was. Our little chats and lunches, all so much fun. This year I will never forget along w/ all the people. I will remember mah school uncles and the funny things I heard. P.S. It smells like...ya all know what! Lotsa Luv

Caroline AKA Uncle Caro AKA Carline

Alyssa denHeyer

Nellie has been a lot of fun for me for the three years. I have had a lot of memories including mullets...keep them alive, the I.B.T.C, in the dark "something" singing with Gloria, B.E.F., Kathleen and J's magic show, loudness, bus parties, and of course, our early mornings! If I could leave one "important and inspiring message", It would be to always shoot for the stars, and never give up!

Vanessa denHeyer

My years at Nellie are definitely memorable. With the BirchBay trip in grade 7 that introduced friends, the food at Kananaskis that made us stink and the fun times and all night parties at Bamfield. I will never forget the Mullets and El-Caminos that Tessa and I always looked out for. The "three" me Nikki and Alyssa were probably always together. Our bus adventures, the hallways (at 7:30 everyday!). Parties and lunches with the posse will never be forgotten! I hope everyone has tons of fun in High school, best of luck!

9C Pretty Princesses

Colleen Gilliam

Nikki Gizzie

Ashley Golder

Tessa Gregson

Cindy Hardin

These past three years have been filled with countless good times, memories and jokes. "No kidding." "Kidding" Bamfield, grad and just chilling before and after school as well as lunch and my personal favourite-beating the twins, are just a handful of them. Good luck in high school and in all your future endeavors everyone. All I can say is, I hope they ave as much fun as Nellie has been!

Mallory Harwardt

Ashley Howardson

Ashley Hutton

Samantha Little

Lil sam, Sam L. Kandee and just the loud kid who can always make you laugh is how I'll be remembered. How will I remember Nellie? By all our super exciting McD's lunches, always needing a reminder about my shoes lol(rite Fraser) Oh ya, can't forget about mission impassible (wink wink lol Ashlea)

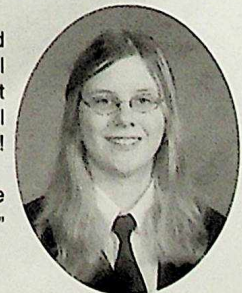

Tons of love Sam XOXO

Sara Marsh

I've had a great 3 years at Nellie and made so many awesome friends! I'll miss you all so much and my best wishes to everyone in high school. I'll never forget you all. You guys rock!

"Friends help you move house. True friends help you move bodies"

9C Pretty Princesses

Kyla Marshall

My three years @ Nellie have been awesome, awesome friends and good times. I most of all will remember grade 9 grad. BP!! The fire!! To all my friends good luck in the future may your hopes and dreams come true! Friends forever LOL "The Posse" J/K!! Great Memories. Ah! I spilled my hot chocolate!! "I'm not showing my muscle" "CondA with Tessa LOL" "I'm a psychic I swear"! Good times. I'll miss everyone.

Melis Olsen-Peet

This year was so long I almost passed out! I gonna miss the people that I will probably never see again, unless I see them in some kind of freak accident. Creamy Matey and diddly squat; like a rock! We mixed chemicals, it was GarGantuous! squirrels haunt me (eee meg!)

Makeda Paul-Stephen

Katie Penstone

I have been going to Nellie for only 2 years but my time here was well spent. I have had so much fun just hanging out with my friends and laughing about things that only we could understand. But most important of all our endless hours of singing our songs. I am gonna miss all my friends when we go off to high school. So just to say: TOAST TO 9C! Since we couldn't do it at grad (Alyssa) Bamfield: Hi-O, No food for 24 hours and of course SOCCER! And but of course, THUMBS!(Gloria)

Kirsten Porret

Meg Stearman

FEAR THE SQUIRRELS!!!
MWAHAHAHAHAHA!!!!!!!!!!!!!!

Toni Treadgold

Cindy Yiu

Grade Nine Grad was held at the Old Timer's Cabin on May 30. Farewells were made, meals were eaten and good times were had. All in all it was a very enjoyable evening.

Below: It's nice out, you're all dressed up, your friends are all dressed up and all you need to do now is SOCIALIZE! Everybody's talking to everybody and as you can see, everyone's got a smile on their face.

Congrats - you graduated!

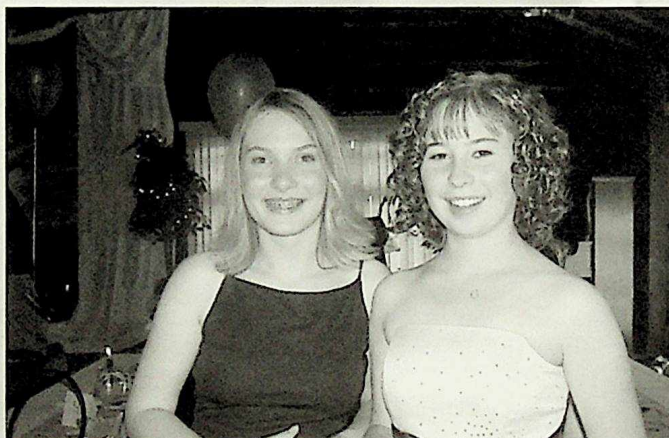

Above: Ms. Linden holding Zachary Zalasky.

Above: Catherine Carter and Cindy Yui chill in the shade.

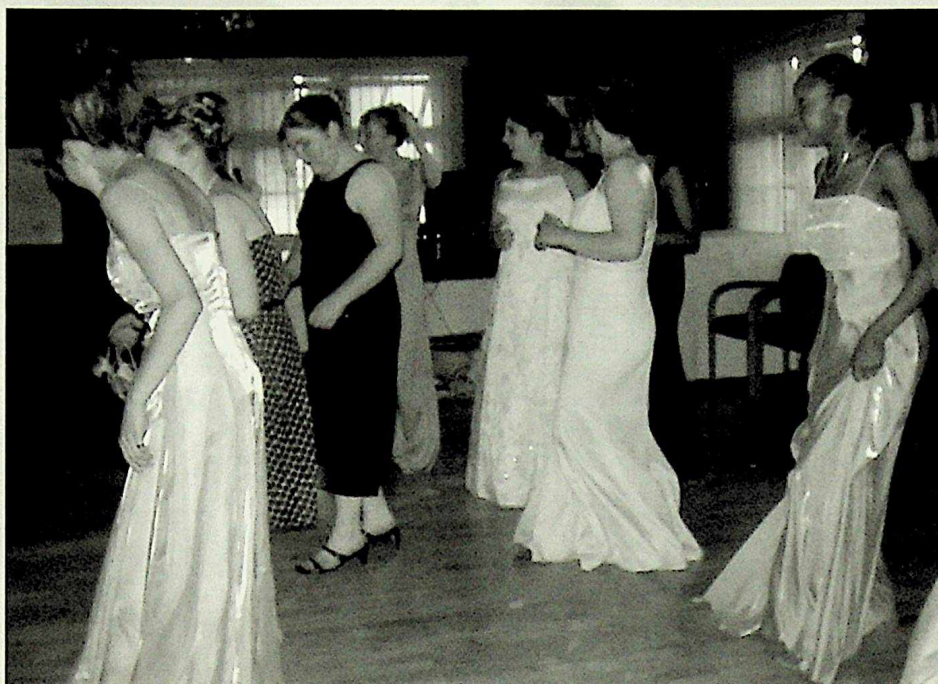

Below: Anna Matejko and Jade Zalasky in the Old Timer's Cabin.

Right: Veronica Krawcewicz in her grad dress.

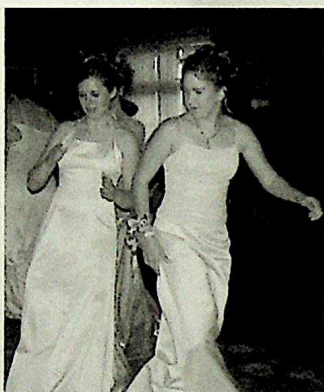

Left: Katie Penstone and Gloria Alamrew as they walk up to the Old Timer's Cabin.

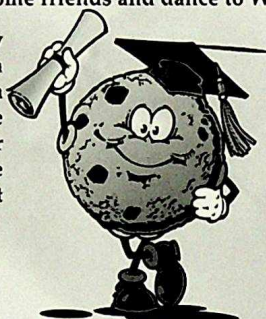

Above: Cindy Yui, Carrie Bott and Melis Olsen-Peet pose for their picture.

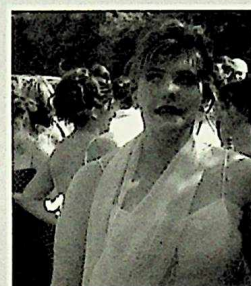

Above: Nellie girls show off their moves as they dance to "Cadillac Ranch". If you ever need some entertaining way to end off a formal evening on a hilarious note, get on your gowns, grab some friends and dance to Western music.

Left: Ashley Howardson and Amanda Draper on the dance floor trying to figure out just what they're doing.

Above: Ashlea Schumacher and her escort standing outside in the nice sunny weather.

Above: Caroline Crawford staring off into space.

Onward to grade 10!

Above: Anna Matejko, Samantha Russell and Westerly Luth pose inside the Old Timer's Cabin.

An event like this cannot take place without hard work. Thank you to the graduation committee and everyone else who gave up their time, effort and money to make the 2003 Grade 9 graduation a huge success.

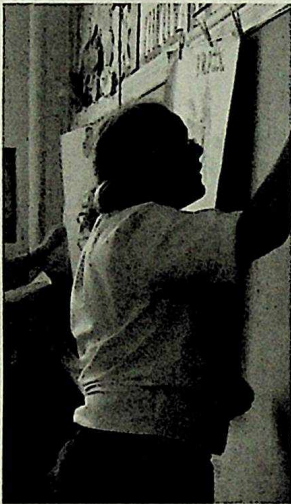

Teacher Facilitator: Mrs. Hart CEEDs Reps: Sydney Bennell and Alena Parkinson

Right: Jessica Piasetzki, Maria Marsh and Sara Marsh in their aprons set for making pizza.

Below: Sam in Space! Mars isn't exactly tropical paradise, huh?

Above: Margaret Mitchell and Kaeli Fairbairn, part of CEEDs Team 5.

Right: A Nellie Show presenter walks around with a jar. She asked people to reach in and grab a marble. If you got a colored marble, you were pregnant. Good thing it was just a simulation.

CEEDs Team Five has done a lot this year. They organized the December Mini-Comps, which was a lot of fun. They also organized the talent show, which was held on the last day of school. The talent show was also successful. There were many different acts and the Grade Nine drama class presented a collective entitled 'TV Through the Times'. Some of the acts in the talent show included karate, many different dancers, singing, piano music and guitar. There was also a monologue. CEEDs Team Five also organized a Nellie Show on STDs.

Left: Ashley Hutton works on an activity during Science Tech Week.

Left: A denHeyer helps Kathleen Arnold during Science Tech Week.

Below: Dr. Armour at the Science Tech Week Kick-off.

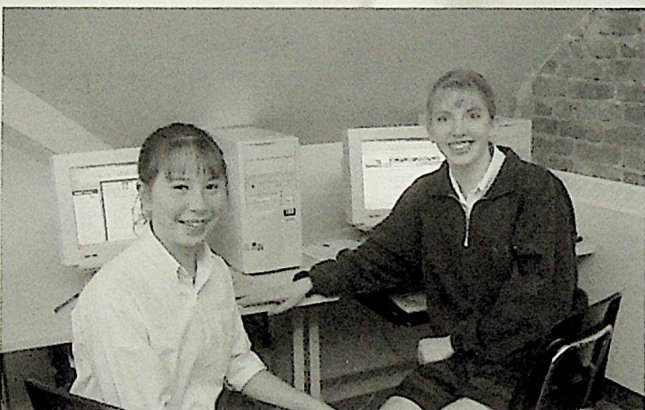

Left: Tessa Gregson and Gloria Alamrew ask Nichole McKoy questions during "Wheel of Attitude". It was organized by CEEDs Team 6 as a Nellie Show.

Left: Kaeli Fairbairn and Jade Zalasky work on their Science Fair projects during Independent Research Day organized by CEEDs Team 6.

Above: Maureen Yule, Dr. Armour and Veronica Krawcewicz after the Science Tech Week Kick-off.

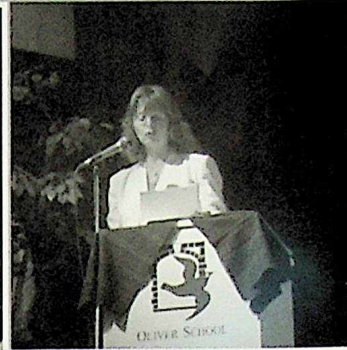

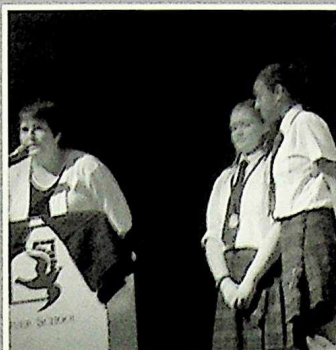

Teacher Facilitator: Mrs. Worobey CEEDs Reps: Veronica Krawcewicz and Alex Preston

CEEDs Team Six

Gloria Alamrew, Dana Armstrong, Kathleen Arnold, Kate Boddington, Grace Box, Courtney Brin, Jeng Jeng Chong, Sarah Craig, Faten El Jurdi, Sierra Elliott, Nikki Gizzie, Tessa Gregson, Denysse Handfield, Mallory Harwardt, Marjolaine Hudjik, Veronica Krawcewicz, Patti Little, Jordanne Lozeron, Melis Olsen-Peet, Amanda Popplestone, Kirsten Porret, Alex Preston, Luciel Rios, Meg Stearman, Cindy Yiu, Maureen Yule.

Awards

A celebration of growth and excellence over the school year.

Top Left Corner: Attendance Award. *Top Left Centre:* Jade Zalasky and Westerly Luth receive scholarships. *Top Right Centre:* Susan Penstone presents an award. *Top Right Corner:* CEEDs awards. *Above:* Teachers. *Right:* Madame. *Far Right:* Grade 9 honours students.

At Nellie, it isn't just the "brainy" kids or the super-athletes that can get awards. At this school we are proud to recognize growth and achievement in students, in whatever field their strengths lie.

Above: Mme Dube on stage, handing out awards.

Above: Sports Award recipients. From left to right : Aneka Jiwaji, Denysse Handfield, Christine McNeil, Westerly Luth and Katie Penstone. Missing from photo: Carrie Bott, Aislynn Burke, Samantha Russell, Kristina Schesnuk and Elyse Glor.

Right: The recipients of the Nellie McClung award. Grade Seven: Maureen Yule. Grade Eight: Sydney Bennell. Grade Nine: Westerly Luth.

The Presenters (at least some of them)

Mistress of
Ceremony
Mrs. Worobey.

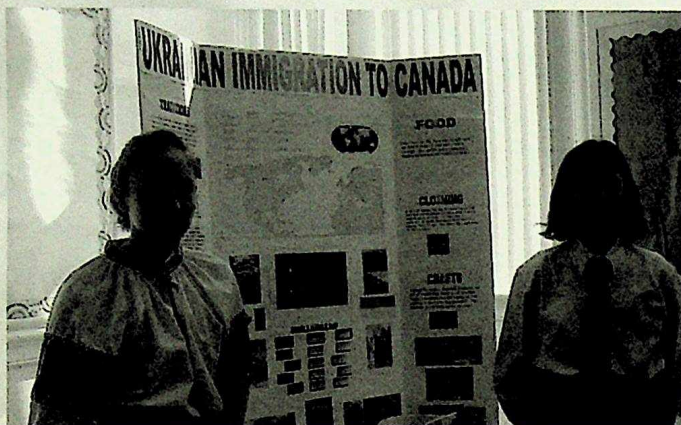

Ms. Linden

Mrs. Tice

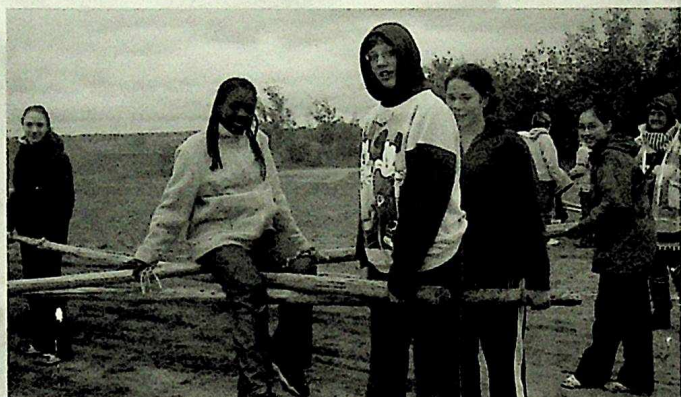

Below: Kristina Schesnuk and Faten El Jurdi stand beside their Multiculturalism Fair Board. Their project was about the Ukranian population in Canada, how it came to be and how it has changed our country.

Right: Three Grade 8s drag tipi poles to their location. Another girl hangs on for a ride.

Above: Pam Marsh and Jasmine Barton stand in front of their board on Germany

Above: Nichole McKoy takes a ride as her fellow classmates haul tipi poles to their destination.

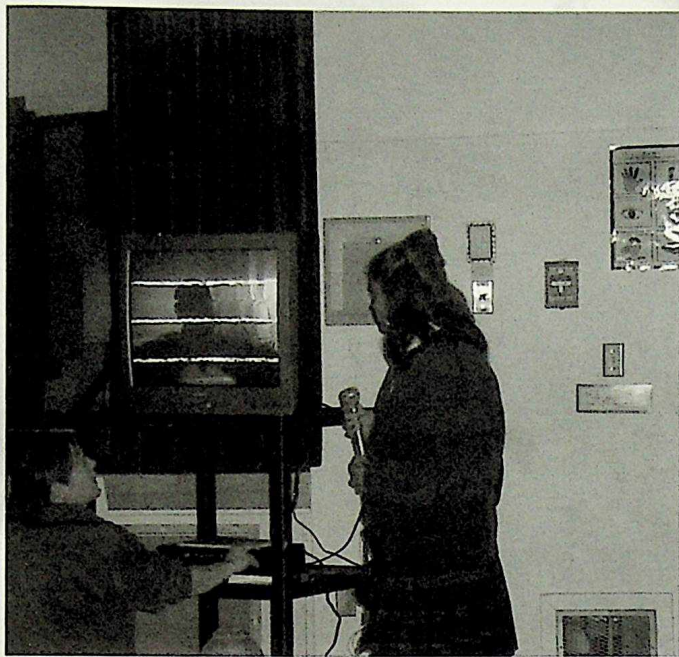

Left: Tessa Gregson asks Alena Parkinson questions during the "Wheel of Attitude".

Right: Ashley Howardson looks warily at the speaker. This guy taught us about being safe and trusting our instincts. He also demonstrated some interesting defence techniques on several students. No students were severely harmed during the presentation.

Right: Keely Ellis and Judy Milbreath wearing traditional African straw hats to go with their project on Africa and immigration from Africa to Canada

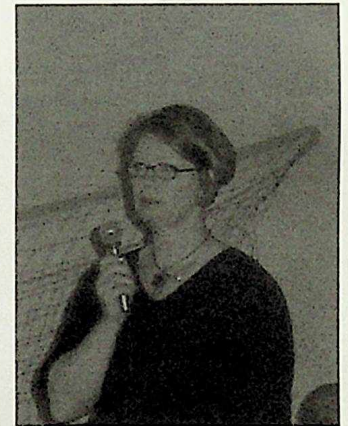

Left: Aneka Jiwaji stands next to the TV. During this assembly Nellie girls learned how important it was to help our friends in Malawi and what a difference our school's contribution has made.

Left: Alyn Yaremko and Eden Woldemariam stand in front of their project on Portugal and immigration of Portuguese to Canada.

Left: The Nellie girls who volunteered at the Silver Bells tea. They served cookies and tea to the people there and were excellent ambassadors for our school.

Learning about our world

*School
Assignments,
Guest speakers
and Volunteer
Opportunities.*

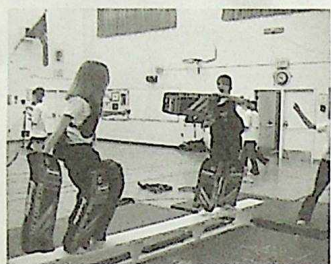

Though it might not seem like it at first, these three things are related. Yep, they are. Assignments, speakers and volunteering all help us understand what's going on outside our school so that when we get out there, we're fully prepared.

At Nellie, we are allowed and encouraged to speak our minds on different subjects. While opinions may not always coincide with the teachers or the rest of our peer group, they allow us a chance to view the world in a different light.

We learn about the broad diversity of our world. The grade 7 multicultural fair and the Malawi project are examples of the ways valuable information is passed on from teacher to student, speaker to student and student to student. And of course if we can fit in a little fun, it makes it all good.

Right: Peggy Bodnariuk rings the bell outside the church in Fort Edmonton Park during the Grade 8 field trip to Fort Edmonton to learn about Canadian history.

Below: Kathleen Arnold and Alyssa denHeyers attack each other with hockey goalie pads during one of their gym classes. They weren't hurt and had a lot of fun.

On the Road

La la la la...right?

The Grade 7 music class (not all included in photo) get ready to sing their hearts out at the Legislature.

Order in the court!

Mrs. Hart's CEEDs team at the law courts with a group of lawyers in the background. CEEDs Team 1 spent the morning learning about how the law courts work and what goes on behind the doors of provincial court rooms.

We need backup-or at least a back seat.

Cindy Hardin, Kathleen Arnold and Mallory Harwardt all sit in the front seat of the police cruiser sticking out of one of the Odysium's walls. They don't look like they'll be able to cruise out of this one.

Above: Guin Mah, Daranee Tang and Christine McNeil beside their snow sculpture.

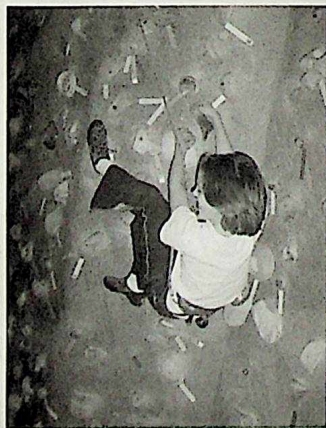

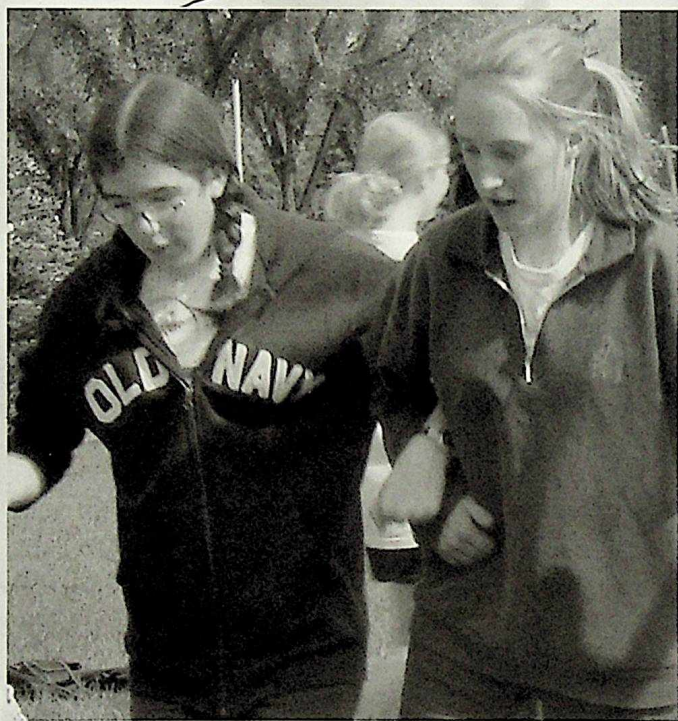

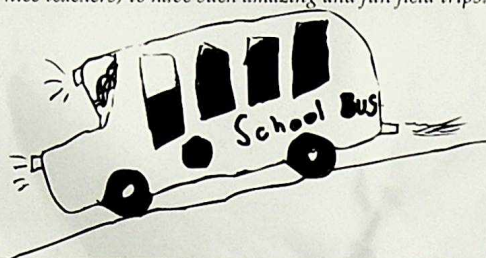

Right: An actress posing as Nellie McClung did a mock-interview to help Grade 7s understand and appreciate our school's namesake.

The story of the field trip.

Field trips are an integral part of the school experience. They are used as enrichment, to help enhance student learning. Nellie is no different than any other school. We visit the Odysseum, Provincial Museum, rock gyms, pools and parks. All of these places offer a resource that students can use to gain more knowledge.

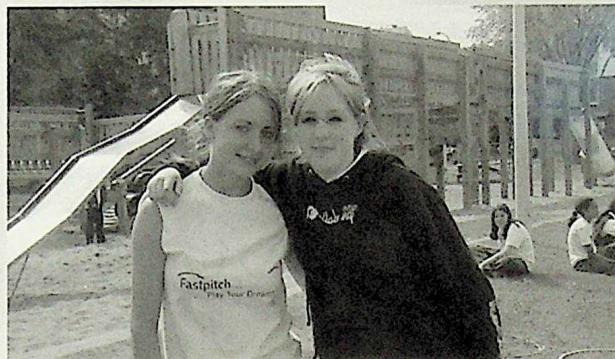

Active living field trips are always a blast. Science trips can always be counted as interesting to the extreme. Social takes on new dimensions in new environments. We can count ourselves lucky that we have the opportunity (and nice teachers) to have such amazing and fun field trips.

Above: Left-no right-no NOW left. Sigh, the joys of the three legged race. Of course, to add a spin on the one Sarah-Jane Rinas and Jocelyn Glor are running, they have to manoeuvre around pylons and get a glass of water into the container at the end. What fun we had at CEEDs wrap-up!

Left: Going up? Tasia Hall is! At Vertically Inclined Tasia and her grade 7 class spent half the day going up and down the walls.

In, out and around school

Smile pretty for the camera!

Adrianna Burden and Ashley Hutton pose in front of the playground during CEEDs wrap-up day. It was a nice morning with lots of fun activities and very tasty freezies.

Three little Nellie girls all in a row.

Grade 7 was full of field trips. These girls are doing an experiment as part of an activity to help them understand their science topic. Having fun is just a side effect of course.

Lovely ladies!

This group of Grade 7s shows off their bin of rocks. They were given the opportunity to use the rocks as a hands on learning activity held at the Provincial Museum. The field trips purpose was to enhance the Grade 7s understanding of rocks and minerals.

The New Recruits

Along with the old *Fish Philosophies: Play, Make Their Day, Be There* and *Choose Your Attitude* three more have been added. *Be It, Commit* and *Coach It* are the latest stepping stones that will help us grow to our full potential.

An innovative, new idea, *The Fish Philosophy* was introduced to Nellie last year and this year it has become even better!

Fishy folk

Sam Russell, Sam Little, Megan Gervais, Meg Stearman, Maria Marsh, Sara Marsh, Marjolaine Hudjik

What they did.

Fish Co and the Fish Philosophy are how our school is aiming to be the best and have fun at the same time.

And what we did too.

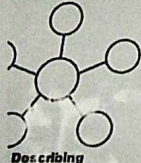

Nellie Girls all participated in activities planned by *Fish Co.* or based on *the Fish Philosophy*. While the activities were slightly odd at times, they were learning experiences never to be forgotten.

Fish CO.

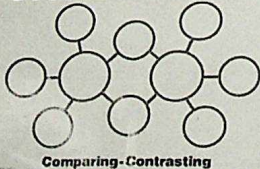

A group of Grade 9's who under the fin of Ms. Linden, have been working actively in the school community.

And everyone's best friend...HOTS!
